IMPRESSIONS.

Sketches combines an eclectic mix of materials and shapes. The inspirational spirit frees us from emotions and associations. The contrast of rough and refined products makes it simple to mix. Visual variation is key.

BON VOYAGE...
We wanted to construct the series in the way an AMBITIOUS chef creates a meal. A well composed meal is like a choreographed theatre; a story that evolves, a journey through different emotions, impressions and associations.

Odd Standard - Tonje Sandberg & Constance Gaard Kristiansen
The idea arose when I tried to express the feeling when something pleasant, delicious and calming expands, enduring until it fades bit by bit. Like a drop of water that falls on a lake, creating a ripple that slowly disappears. Gemma Bernal
"A new graphic concept based on SQUARE platters, all the same size but with a very different graphic division of areas, offering myriad possibilities of arranging specialities."
I wanted to give ROKS round cups a special SENSE of comfort and nativeness, and a uniqueness to the RAK Porcelain.
