Table Presentation

The GenWare range of innovative Table Presentation items are perfect for modern casual dining establishments and serves to showcase how foodservice has developed beyond purely standard plates and service lines. Wooden platters and boards offer a natural, rustic and stylish look, fully tested to British standards for food safety, and work well in combination with other items, such as Cast Iron dishes.

Our miniature range of baskets, buckets, roasters and saucepans offer a fun and easy way to spice up food presentation and can provide new menus and dishes with the 'wow' factor. Slate products provide a stylish and contemporary alternative to traditional food service presentation and feature rubber feet to prevent scratching.

Innovative, design-led ideas that can transform food

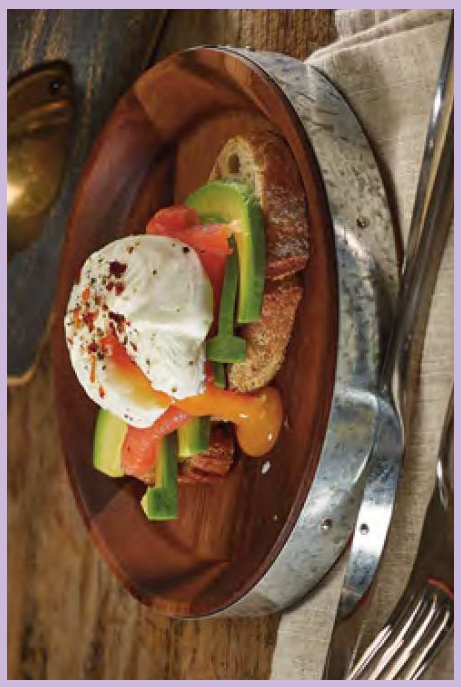

- Olive wood is known for its versatility, strength and striking appearance with each piece having its own unique features due to the olive tree's distinctive grain
- Olive wood is a natural product with each piece being carefully crafted by hand therefore **size, shape and finish will vary from piece to piece**
- All boards are made from **2 - 2.2cm thick olive wood** giving the product a premium heavyweight feel and ensuring a longer life

Our range of classic Enamelware is a traditional yet retro English style. The vitreous, double coated enamel resists stains and scratches and improves product durability.

Just like any other ceramic, the outer porcelain layer can chip overtime, especially if dropped revealing the steel beneath it. When this happens the steel below naturally oxidises and the enamelware remains safe to use and adds character.
