A perfect balance

DESIGN
Pedrali R&D, 2012

EN — Arki-Table is a linear and rigorous table from a structural point of view, but at the same time versatile and designed for different uses. It is characterized by an ultra-thin top supported by an extruded aluminium frame, which remains hidden. The trestle legs in steel or solid oak ensure stability and grip on the ground.

IT — Il tavolo Arki-Table è lineare e rigoroso dal punto di vista strutturale, ma al contempo versatile e pensato per situazioni d'uso differenti. È caratterizzato da un ripiano ultra-sottile sostenuto da una cornice in estruso di alluminio, che rimane nascosta. Le gambe a cavalletto realizzate in acciaio o in massello di rovere garantiscono stabilità e aderenza al suolo.

DESIGN
CMP Design, 2012

EN — Malmö tables evoke domestic warmth sensations thanks to the touch of ash wood, their peculiar shapes and the appeal to tradition imagery. Designed to fit in convivial spaces, these tables have tops in veneered ash wood, HPL solid laminate or lacquered MDF, combined with tapered solid ash wood legs.

IT — I tavoli Malmö sono in grado di esprimere una sensazione di tepore domestico grazie al piacere tattile del frassino, all'espressività delle forme e all'affinità con un immaginario tradizionale. Pensati per essere collocati in luoghi conviviali, presentano un ripiano realizzato in frassino impiallacciato, stratificato o MDF laccato, e gambe in massello di frassino tornite.

Pure stability

DESIGN

Daniele Lo Scalzo Moscheri, 2007

EN — Aero is a stady table with generous dimensions, simple in appearance but with a great character. A glossy lacquered steel cover splitted in two shells hides a central square or rectangular base with rounded corners.

The top, available in different finishes, is elegant and refined.

IT — Aero è un tavolo stabile e dalle dimensioni importanti, semplice all'apparenza e dal carattere forte. Un rivestimento in acciaio laccato lucido suddiviso in due gusci cela una base centrale di forma quadrata o rettangolare smussata agli angoli.

Il ripiano, disponibile in diverse finiture, risulta elegante e raffinato.

Elegance is an attitude

DESIGN

Daniele Lo Scalzo Moscheri, 2007

EN — Surface extendible table comes from the desire to find a perfect connection between the architectural and the design sphere. The tapered section of terminals and legs gives formal lightness. The aluminium guides allow an easy extraction of the two extensions.

IT — Il tavolo allungabile Surface nasce dall'idea di trovare una ideale connessione tra la sfera architettonica e quella del design. La sezione rastremata di terminali e gambe dona leggerezza formale. Le guide in alluminio permettono una facile estrazione delle due allunghe.
